

LDF COVID News

Get Your Free At-Home Tests Now

- ✓ Free COVID-19 at-home test kits available now for pick up at the health clinic and tribal police department.
- ✓ Test kits delivery available if homebound.
Contact Dan Thompson or Stacy Stone.
- ✓ Vaccines available at health clinic by appointment/walk-in. No appointment needed 9 a.m.-1130 a.m. every Friday. Moderna, Pfizer, and Pfizer Pediatric vaccines provided.

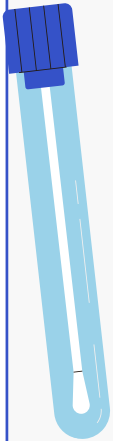

What Mask Type Most Protects Against COVID-19

- ✦ Loosely woven cloth masks provide least protection
- ✦ Layered finely woven masks offer more protection
- ✦ Surgical masks & KN95s offer even more protection
- ✦ NIOSH respirators (including N95s) protect most

What About Vaccines For Young Children?

Children ages 6 months to 4 years may soon become eligible for Pfizer-BioNTech COVID-19 vaccines. This vaccine will be different from ones given to 5-to-11-year-olds, adolescents and adults. The FDA now is reviewing vaccines for 6-month to 4-year-old children.
